

## ACI to Offer eRCM Training in the Dallas, Texas Area

We received an outstanding response when we announced eRCM training in Cambridge, OH, Pasadena, TX, and Oklahoma City, OK. There are others out there wanting to attend, so we are now offering the same training in the Dallas, TX area. Your instructor will be Dwayne A. Hickman, Director of Software Development and lunch will be provided.

**Date: August 9, 2016**

**Time: 9:00 a.m. - 4:00 p.m. CDT**

**Location: S&R Controls, L.P. | 1401 Summit Ave, Suite #1 | Plano, TX 75074**

Course to cover the following eRCM topics:

- Compressor Performance
- Required Modeling Data
- OEM Specifics
- Creating Load Steps
- Performance Curves
- Generating Reports
- Tuning Compressors
- PLC Implementation
- Control Issues
- Adding eRCM Express
- Using eRCM Viewer
- Using eRCM Evaluator
- And more...

Comment from an Engineering Manager attending the OKC class on July 12 2016:

*“Thank you for conducting the training for us today. I learned a lot. My only regret is that I didn’t bring some of my people with me. I thought it would primarily be about your software, but I consider it some of the best training I have received on compression”*

To reserve your seat in the upcoming training, please contact Kerri McMullen by email at [kcmullen@aciservicesinc.com](mailto:kcmullen@aciservicesinc.com) or by phone at 740-435-0240 ext. 509. Seats have filled quickly so please make sure you reserve your spot ASAP.
